Guests in Attendance: Stephanie Konradi, Stacy Raasch and Patrick Miller

On Tuesday, December 1 the Combined Facilities Study Committee met at the OA-BCIG High School at 6:30 p.m. On Tuesday evening the members of the committee were provided a document that shows what projects were undertaken at BCIG during the 2015 fiscal year to repair, maintain and improve the facilities, similar to the document the committee members received at the November meeting that showed the projects at OA that were undertaken during the 2015 fiscal year.

In addition the committee members were provided with an updated summary sheet of items that were identified as needs/wants for the High School facilities and some district needs from the BCIG Facilities Committee review process that took place during the 2013-2014 school year. Mr. Miller and Mr. Walters then led the committee members on a tour of the high school building and during the tour the programs offered in each area were discussed, various building needs were identified, and a history of the building and improvements that have been made over the years were reviewed.

Following the tour the committee met briefly before adjourning. The committee is scheduled to meet again on Thursday, January 14 in the Odebolt-Arthur Elementary School Library and will begin discussions on what they have learned about the facilities in both districts, the strengths and the needs that need to be addressed.

The meeting adjourned at approximately 8:10 p.m.
